G7 PAY

Save Your Money
Save Your Time

How it works:

G7 Pay is the easiest to use company to company financial transaction system that eliminates fees and saves thousands of dollars, euros, and pounds in banking fees. G7 Pay was developed by G7 Networks for exclusive use by its members.

Members can send and receive money instantly. With our mobile site it can be accessed from anywhere with a data connection, whilst protecting you completely from the growing and ever present threat of fraudulent behavior.

Boost profit margins and eliminate banking fees with the safe and secure G7 Pay system. System access is available to all G7 members at no additional cost. Setup is easy, the process is transparent, G7 Pay is the preferred payment method for G7 members.

Frequently asked questions

Does the annual G7 membership fee include financial protection? What is the coverage?

G7 members are financially protected up to 10,000 USD per transaction between network participants and $50,000 collectively across the course of the year.

G7 offers PR and marketing services, what can we expect from G7?

G7 offers multiple forms of support within PR and Marketing not only through our internal Members News, Bulletins & Social media platforms but also in various media outlets. This allows you to reach more inter-network members and also new external clients for your business.

How do you qualify "Trusted and professional global freight forwarding partners" within G7?

Each prospective member company is required to submit strong commercial references to satisfy the requirements of the management of G7. It is imperative for you to prove your expertise in your local markets and ensure that you have a positive reputation with other agents and carriers as well as that your company has professional leadership with integrity in order to be enrolled.

Is G7 built up of sea freight specialists or air freight specialists?

G7 is built up of a number of great companies who all have their own identities within their specific markets. All members can undertake both modes of transport but their strong point will come down to their geographical & market location.

May a company list multiple locations with G7 Logistics Networks?

G7 does accept multiple offices from prospective members this does come at achor surcharge per additional office and falls down to availability within that specific market

Is it mandatory to attend the annual conference?

It isn't mandatory to attend the G7 annual conference however meeting with the members will only yield better long term results by meeting face to face. Failure to attend more than 3 consecutive conferences will leave your renewal under scrutiny from the G7 management.
